PROFILE SUMMARY

I'm looking for a challenging role where I can solve problems effectively, keep learning, and grow both personally and professionally. I want to apply my skills and gain new experiences while contributing to the success of the organization.

PROJECTS

QuizMaker

https://quiz-maker-57t4.onrender.com

- Quiz Maker is a user-friendly web application built with the MERN stack. It lets users easily create, manage, and take quizzes, providing a smooth and seamless experience.

InstaBook

https://social-instabook.netlify.app/

- Instabook is a social media app built with React.js and Firebase, similar to Instagram. It allows users to sign up, share photos, follow friends, chat, and see real-time updates, all in a simple and easy-to-use interface.

Expense tracker

https://expensetrakerdemo.netlify.app/

- I developed a user-friendly Expense Tracker web app using React and Firebase, allowing real-time tracking and management of expenses with ease.

Senjaliya Solutions

https://senjaliyatechnical-izls.onrender.com/

- Senjaliya Solutions is a web platform built using the MERN stack, providing innovative technical solutions with a user-friendly interface, scalable back-end, and secure data management.
